#### **Guide Summary**

An Exam Group is a unique identifier that tracks the exam results for a group of Test Candidates and provides additional reports. Exam Groups are an optional feature configured within the **Organization Administrator** (Org Admin), Organization Member, or Teacher roles. Whenever a Test Candidate begins an exam, they enter the number representing their group, which will then record their history under the Exam Group they choose. You can create as many Exam Groups as you like.

#### **Initial Exam Group Setup**

- 1. Log in to <u>www.certiport.com</u>.
- 2. Select the Organization Administrator, Organization Member, or Teacher Role.
- 3. Click on the **Exam Groups** Tab.

#### **Finalization & Review**

- 1. Click **Update** to review your selections.
- 2. Click **Done** to create the Exam Group.
- 3. Note the Exam Group ID number:

For an exam result to be associated to an Exam Group it must be selected by the Test Candidate during exam launch. The Teacher will give the Test Candidate the Exam Group number and it will be manually entered (Compass for Windows Exam Group section shown).

The only exception to a manual entry would be if the Test Candidate is pre-associated to the Exam Group. (See next section.)

Note: Exam Groups work the same in Compass Cloud and Exams from Home, but are instead entered by the Org Admin/Proctor when scheduling a session rather than by the Test Candidate during exam launch.

#### Pre-Association to an Exam Group

Normally a Test Candidate manually enters an assigned Exam Group number when starting an exam. By **pre-associating** a Test Candidate to an Exam Group, it allows a user to select which Exam Group number they would like to use from a pre-populated dropdown list as opposed to a manual entry.

- ✓ Note: Being pre-associated to an Exam Group does not automatically assign the Test Candidate's exams to said group. They must still select the Exam Group number each time they launch an exam.
- 1. Log in to <u>www.certiport.com</u> and change your role to **Teacher**.
- 2. At the bottom of this page, use the **Add Additional Users** section to locate Test Candidates by searching for them via their Username.
- ✓ **Note:** Test Candidates can be pre-associated to as many Exam Groups as a Teacher would like.

### QRG – EXAM GROUPS

 Test Candidates may also preassociate themselves to an Exam Group by logging into their profile at www.certiport.com and

CERTÍPORT

If you have been asked to register for an Exam Group, you may do so by entering the Exam Group ID here. By joining an exam group you acknowledge that your exam results, along with certain personal information, may be made available to the owner of the exam group, the test center or institution. Exam Group ID: Register Me

entering the Exam Group number at the bottom of the landing page.

#### Adding a Result to an Exam Group After the Fact

A Test Candidate may begin an exam without entering an Exam Group number whether they are pre-associated or not. Should a Test Candidate forget to pick an Exam Group, it is still possible to associate their result to an Exam Group after the exam is over. (This process is only performed by the Test Candidate.)

- Log in to <u>www.certiport.com</u> under the **Test** Candidate role.
- 2. On the landing page, search the exam results section for the result in question. If eligible, the entry will have a green link titled **"Add"** under the Exam Group ID column.

3.	Click <b>Add</b> and then select an Exam Group from the dropdown (if pre-associated) or join the Exam Group by
	manually entering in the number.

#### Viewing Exam Group Reports

- 1. Log in to <u>www.certiport.com</u> and change your role to either **Organization Administrator**, **Organization Member**, or **Teacher**.
- 2. Mouse over the **Exam Group** tab.
- 3. Click the dropdown for Exam Group Reports.
- 4. Select the name of the **Exam Group**.
- 5. Select the **Date Range** for the report.
- 6. For more detailed results, various options may be selected such as a skill set breakdown or student view.
- ✓ *Tip:* By employing Exam Groups you also extend your date range window beyond the standard one-year limit.
